Group works: Group is divided in four small groups (7-8 people per each group). There are four parallel sessions running during the group works. Students have to be prepared to discuss about the cases.

Main supervisor is giving the final case presentation and summarize the major points of the described problem in their talk.

Main supervisors are responsible to find the proper cases. They are highly encouraged to present good illustration to support the case and the summary presented.

Supervisors:

Päivi Lähteenmäki	Turku, Finland
Toivo T Salmi	Turku, Finland
Pekka Riikonen	Kuopio, Finland
Karin Mellgren	Gothenburg, Sweden
